RULES

ROUND 1: HUMAN VS AI

Duration: 5 minutes preparation + 20 minutes debate · 50 teams

- Receive an assigned debate topic through the official platform.
- Prepare for both FOR and AGAINST positions; the assigned position is revealed only after preparation.
- Debate an AI chatbot defending the opposite position.
- Use a limited number of prompts strategically during the debate.
- Debate includes opening arguments, argument development, AI challenges, rebuttals and final statement.
- AI Judge evaluates the debate; important factual claims may undergo evidence verification.
- Top 10 highest-scoring teams advance to Round 2.

ROUND 2: THE SCENARIO GAUNTLET

Duration: Fixed time per level · Top 10 finalists

- All teams attempt every level; no elimination based on an individual level.
- Each level presents a scenario, objective, constraints and a required response.
- Answers may range from one word to a structured response, depending on the challenge.
- Scenarios may introduce new information, risks, limited resources, uncertainty and difficult trade-offs.
- AI Evaluator scores each response based on its quality, correctness, reasoning and relevance.
- Detailed AI performance analysis explains the score received for each response.
- Scores from all levels are combined to determine the final ranking.
- Highest cumulative score wins. Tie-breaker applies if required.
